Dedication

Our 33rd Annual Schnecksville Community Fair premium book is dedicated to Darlene Wirth who got her start at our Fair when one of her daughters, who was still in school, was working on a project involving chickens. Darlene and her daughter literally slept in the tent where the chickens were located that year.

Having had previous experience working with children at a petting zoo, Darlene took charge of the Wanna Be a Farmer tent in 2008. When visiting other fairs and shows, she is always on the lookout for agricultural and educational activities to incorporate into this area. She must be doing a great job of this because parents often have a hard time getting the youngsters to leave the tent.

After spending late nights working at the fair, it is great to just walk to her camper near the animal barns and crash. But she makes it known to the animal exhibitors who are camping at the Fair, should any problem arise during the night in that area, i.e. animals getting loose, someone getting ill etc., they can come to her camper and she will assist in getting help.

Darlene lends a hand in planning, preparing and serving food at the dignitaries' luncheon on opening night of the fair. Weekly from May to November she works in the fair's fund raising "Sugar Shack" stand at the Keystone State Quarter Midget Races.

Darlene keeps herself quite busy. She works part time at the Cracker Barrel, loves to crochet for herself, teaches crocheting at classes two nights a week and at times, babysits for her grandson, Ricky as well as caring for her rabbits and chickens. She is married to Jim Wirth and they have two daughters, Robin Silfies of Ephrata and Missy Schantz of Orefield.

It is a pleasure having and working with Darlene all year long.

GENERAL RULES

- 1. All exhibitors agree to be bound by the rules and regulations of the Schnecksville Community Fair.
- 2. The fair management reserves the right to amend or add to these rules and regulations as its judgement may determine.
- 3. Reasonable care will be taken to protect all exhibits on display from all injury and damage but the fair is not, in any way, to be held responsible for loss or damage by water, accident, fire, theft or otherwise, whatever may be the cause or extent of the damage or loss.
- 4. Entries will be made according to classification.
- 5. Premiums as listed may be given for meritorious exhibits. In cases where there is no competition, judges may give an award such as they deem the exhibit worthy to receive. Same rule applies where there are fewer entries in any class than the number of premiums offered.

ONE ENTRY per class per person.

THE DECISION OF THE JUDGES SHALL BE FINAL IN ALL CASES except where mistakes, fraud, misrepresentation or collusion - not discovered at the time of the award - is proven. In such cases, the superintendent, manager or secretary of the fair, or such referee as he may appoint, may make the decision. The case may be appealed to the fair management from whose decision there can be no appeal. All protests regarding judging must be made in writing and must plainly state the cause of the complaint or appeal. Such protests must be filed at the Fair Office within 24 hours of the occurrence.

- 6. All entries must have been grown, produced or made since the last fair by the person whose name appears on the tag as the exhibitor. Any exhibitor may be required to prove ability to reproduce entry in any department in the presence of a qualified person.
- 7. Superintendents reserve the right to bar from competition vegetables, flowers and manufactured articles of decidedly inferior quality and those not possessing sufficient merit to warrant recognition.
- 8. Fair management may, at any time, order the removal of any exhibit or part of exhibit in bad condition and any article unfit to show may be

excluded. Food products cannot be polluted with any substance or chemical that causes them to become poisonous and unfit to be used as food.

- 9. Where award ribbons are stolen or destroyed, the exhibitor may receive a duplicate at the close of the fair, which shall be supplied free of charge by the fair.
- 10. Department superintendents may enter exhibits in their departments, but neither they nor any other exhibitor may communicate with the judges during the time of determining the awards except to answer questions proposed by the judges.
- 11. Any exhibitor interfering with the judges while making awards shall forfeit any premium to which he would otherwise have been entitled.
- 12. ALL entered items can be delivered and registered between 1:00 and 7:00 p.m. on Sunday, June 19.
- 13. Pick-up will be from 11:00 until 3:00 p.m. on Sunday, June 26. Any entry not picked up becomes the property of the fair.
- 14. Any check not cashed by December 20, 2016 becomes a donation to the fair. Checks will not be reissued after that date.
- 15. In Dept. 10 (4-H) Vocational Agriculture will be entered as Dept. 100.
- 16. Livestock entries will be released on a staggered basis after 9:00 on Saturday evening.

GUIDELINES FOR CARE OF ANIMALS

1. It is the responsibility of each exhibitor to care for animals in a manner that is responsible and ethical. Following are some guidelines for the treatment of animals exhibited at the fair.

a. Restraining Animals

- i. Animals should be tied or penned in a manner that will not hurt the animal or restrict its breathing in any way.
- ii. Animals should be tied so that all four feet are firmly on the ground and they have enough room to stand comfortably and lie down.
- iii. Animals should be tied so that they are not able to injure animals tied near them.
- iv. Animals unaccustomed to each other should not be penned together.
- b. Handling Any type of rough handling which could harm the animal is prohibited. The use of whips, canes, and show sticks should be restricted to showing only and then be used only to guide the animals, not punish them. Remember, animals will respond quicker and better to quiet, gentle handling, than loud, rough handling.
- c. Bedding All animals should have bedding that is dry and clean. Pens should be cleaned regularly to keep the animals clean and comfortable. If non-traditional bedding such as carpeting is used, it should be regularly cleaned (at least twice daily) to keep the pen free from manure.
- d. Feeding & Water animals should be well fed and have access to clean water regularly. Realizing that many market animals must have restricted amounts of feed to maintain the proper weight, animals must be fed adequate amounts of feed to meet the animal's basic requirements. Animals not allowed reasonable access to feed and water will be disqualified from the fair.
- e. **Transportation** animals should be transported in a way that is both safe and considerate of the animal's well-being.
- f. Blankets/Sweat Collars any type of material such as blankets or sweat collars should be large enough to permit normal body functions such as breathing, eating, drinking or lying down.
- g. Health It is the responsibility of the exhibitor to provide proper health care for their animals through routine inspection and consultation with health care professionals. The improper or illegal use of drugs or antibiotics is prohibited. If medication is indicated, be sure to follow the label directions and allow more than the stated withdraw time.

INTERNATIONAL ASSOCIATION OF FAIRS & EXPOSITIONS NATIONAL CODE OF SHOW RING ETHICS

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE National Code of Show Ring Ethics", fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

- 1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.
- 2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
- 3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
- 4. Animals shall be presented to show events where they will enter the food chain free of drugs.

The act of entering an animal in a livestock show is the giving of

consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the chemical analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood or other substance tested by the approved laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise at any hearing in regard to the matter conducted by the fair or livestock show.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications shall be administered by a licensed veterinarian.

- 5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedure performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
- The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
- 7. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.

- 8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
- 9. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
- 10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer or absolutely responsible person to have any disciplinary action taken by the fair or livestock show against such individuals published in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.
- 11. The act of entering an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of any penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.
- 12. Please sign the entry form to indicate your support of this code of ethics. Each <u>exhibitor</u>, <u>parent and leade</u>r is required to sign off on this code of ethics.

PENNSYLVANIA DEPARTMENT OF AGRICULTURE PENNSYLVANIA FAIRS ANIMAL HEALTH REQUIREMENTS FOR EXHIBITION, INCLUDING COMMERCIAL EXHIBITION

This document provides the requirements for the Pennsylvania County and Community Fairs receiving funding from the Commonwealth of Pennsylvania. The management of individual fairs may adopt requirements which are more stringent than those of the Department, and all exhibitors are encouraged to check with the management of each fair in advance to ensure compliance with all requirements.

In addition to these animal health requirements, the Pennsylvania Department of Agriculture recommends that exhibitors of all animals, including those for commercial exhibit, discuss the health of their animals, including vaccine recommendations, with a veterinarian on a regular basis.

Pennsylvania Poultry, Waterfowl, Upland Game Birds, Ratites, and Pigeons:

Requirements:

- 1. All Pennsylvania poultry, waterfowl, upland game birds, and pigeons/ doves entering an exhibition must bear a unique individual identification leg band (official state-issued leg bands are required for pullorum-tested poultry). Ratites must be identified with a neck band or an electronic implant device (the exhibitor must supply a reader).
- An owner-endorsed health certificate must accompany all Pennsylvania poultry, waterfowl, upland game birds, ratites, and pigeons/doves, and must include the following:
 - Name and location of exhibition; and
 - Name, address, and telephone number of the owner; and
 - A statement that their entries and their flock of origin are free of evidence of contagious diseases; and
 - Owner signature and date of that signature.
- 3. An Animal Owner or Caretaker's Verification of Veterinary Consultation Relationship statement for the animals being exhibited must be signed on the fair registration form.
- 4. Poultry owners or caretakers should register the premises where their flocks are located with the Department Call 717-836-3235 for premises registration.
- Avian Influenza Clean Testing and Verification (all samples must be collected by a Certified Poultry Technician or an Accredited Veterinarian).
 - All poultry, waterfowl, upland game birds, and ratites, (pigeons/ doves excluded) for exhibition must originate from a flock in good

standing in the NPIP Avian Influenza Clean program or the NPIP H5/H7 Al Clean program (the flock must be participating in the program-it is not considered to be a clean flock if only originating from a clean breeder flock or hatchery), and the birds must be accompanied by the most recent test report (copy acceptable). Test results must be negative. The NPIP flock number must be noted on the report;

OR

- The birds must originate from a flock in which a random, representative sample of a minimum of 30 birds, 3 weeks of age or older, were tested for avian influenza within the 30 days prior to opening date of the exhibition and the birds must be accompanied by the most recent test report (copy acceptable). Test results must be negative. If there are fewer than 30 birds in the flock, test all birds. For ducks and geese, cloacal swab samples must be collected for testing, and the swabs may be tested using virus isolation (ducks and geese) or PCR (domestic ducks only) techniques. Birds shall not be comingled with untested or Al-positive birds after negative samples have been collected and before the show.
- 6. Pullorum-Typhoid Clean Testing and Verification (pigeons/doves and waterfowl excluded). (All samples must be collected by a Certified Poultry Technician or an Accredited Veterinarian).
 - All poultry, including upland game birds, and ratites (pigeons/ doves and waterfowl excluded) must originate from a flock in good standing in the NPIP Pullorum-Typhoid Clean Program (and there was no break in the chain of ownership by NPIP participants) or from a flock in good standing in the PA Pullorum Equivalent Program and the birds must be accompanied by the most recent test report (copy acceptable). Test results must be negative. If the rapid whole-blood plate agglutination test was done, the most recent 9-2 or state equivalent form must accompany the birds (copy acceptable). Test results must be negative. If birds are less than one year of age and originate from an NPIP Clean hatchery, they do not have to be tested for pullorum if they are accompanied by a 9-3 form from that hatchery and any additions to the flock were also from NPIP Clean sources. The NPIP number must be noted on the report for NPIP Pullorum-Typhoid Clean flocks;

OR

 All individual birds (pigeons/doves and waterfowl excluded) for exhibition (maximum of 300) must have had a pullorum-typhoid test within the 90 days prior to the opening date of the exhibition. The birds must be accompanied by the most recent test report or state equivalent form for the rapid test (copies acceptable). Test results must be negative. The following age restrictions apply to

The Good Housekeeping Awards have been generously sponsored by the Grim Family in memory of their late husband and father, Dale Grim. Dale was Livestock Superintendent for the Schnecksville Fair from its inception until his passing in 2003. He was a dedicated volunteer who put in countless hours and donated thousands of flowers to the fair over the years. He is very much missed.

Entries accepted on Wednesday, June 22 from 5:00 p.m.-6:00 p.m. Judging at 6:30. Please enter the fairgrounds through Green Gate

PRIZES: 1st = \$20 2nd = \$15 3rd = \$10

RULES:

- 1. Exhibitor must be an individual (age 8 through and including 18 years ONLY) who is a Pennsylvania resident; one entry per person.
- 2. Entrants may NOT have won 1st place in this PA Preferred® Chocolate Cookie, Brownie, Bar contest at any other fair in 2016.
- Entry must be a plate of six (6) cookies, brownies or bars made from "scratch" (no mixes).
- 4. Cookies, Brownies or Bars entry must feature chocolate or cocoa as a main ingredient.
- 5. At least one (1) ingredient must be a "PA Preferred®" product. Ingredient is to be identified as "PA Preferred®" with its brand name in the recipe (ex: PA Preferred Eggs--Weis brand; PA Preferred Milk--Galliker's brand; PA Preferred Berries--Strite's Orchards). All package labels from the PA Preferred® product(s) used, including the name of the product, must accompany the recipe. Look for the blue and yellow "PA Preferred®" logo on the ingredient packaging to ensure that the product was produced in Pennsylvania. Please note some packaging may not have the blue and gold logo. A list of PA Preferred® producers can be found at www.pafairs.org under "Members-Baking Contest." You can also search for products at www.papreferred.com.
- Entry must be submitted for judging on a <u>doily</u> set on top of a cardboard or a disposable plate. (All pans, plates and dishes are considered to be disposable and will not be returned.)
- 7. Recipe(s) must be submitted with the entry, printed on one side of 8-1/2" x 11" paper. Recipe must list all ingredients, quantities, and the preparation instructions. Entrant's name, **age**, address and phone number must be printed on the <u>back</u> side of all the pages. PA Preferred® product labels must be attached to the recipe. (All recipes and cookies-brownies-bars will become the property of the Schnecksville Fair or PA Farm Show and will not be returned.)
- 8. Refrigeration is <u>not</u> available at the fair or PA Farm Show. Entries that require refrigeration after baking must indicate so in the recipe. Those entries will not be sold, auctioned or otherwise distributed for consumption after judging for food safety reasons.

DEPARTMENT 13 SECTIONS A - C VEGETABLES

The following classes are open to ALL.

- 1. In selecting vegetables for exhibition, choose such specimens that would bring the highest market prices.
- 2. Judging Criteria:
 - a. Trueness to variety type. Pick the specimens from one variety.
 - b. Uniformity in size, shape and color.
 - c. Pick out a perfect specimen; then select others as similar to it as possible. Never mix specimens of various maturities.
 - d. Protect from dirt, disease, infection and mechanical damage. Select specimens that are perfect and show no blemishes of any kind.
 - e. Condition and maturity. Be sure exhibits are of high quality.
 - f. Tomatoes should have stems removed. Carrots, beets, etc. should have tops (leaves) removed leaving about two inches of stems.
- 3. If an entry calls for five specimens, exhibit that number; do not enter four or six. Your exhibit will be disqualified for having a number of specimens other than that stipulated.

NEW TRIPOLI BANK BLUE RIBBON APPLE PIE CONTEST

Wednesday, June 22 at 7:00 p.m.

Entries accepted on Wednesday, June 22, 5:00 - 6:30 p.m.

Free gate admission to person entering pie, although no wrist band will be given. Please park on the 309 side of Fire Hall and enter Green Gate.

- 1. Open to any individual who is a Pennsylvania resident; only one entry per person.
- 2. Entrants may NOT have won 1st place in this Blue Ribbon Apple Pie contest at any other fair in 2016.
- 3. Entry to be a pie that must include at least 60% apples in the filling. It does not need to be a "traditional" two crusted apple pie and it can have a variety of fillings.
- 4. The entire pie must be submitted for judging in a disposable pie pan. (All pans, plates and dishes are considered to be disposable and will not be returned.)
- 5. The recipe for the pie and pie crust must be submitted with the entry. It should be submitted on one side of 8 1/2" by 11" paper. The recipe must list all the ingredients, quantities and the preparation instructions. Entrant's name, address and phone number must be printed on the back side of all the pages. (All recipes and pies will become the property of the Schnecksville Fair or PA Farm Show and will not be returned.)
- 6. Refrigeration is not available at the Schnecksville Fair or PA Farm Show. Entries that require refrigeration after baking must indicate so in the recipe. Those entries will not be sold, auctioned or otherwise distributed for consumption after judging for food safety reasons.
- 7. Judging will be based on the following criteria:

Flavor 30 points
Filling: consistency, doneness, moistness & flavor
Crust: color, flavor, texture doneness
Overall Appearance 15 points
Creativity 10 points
TOTAL 100 Points

NOTE: Creativity is essential to a varied competition. Do not limit your contest to a "traditional" two-crusted apple pie. We are looking for a variety of fillings in the pies; the pie must include at least 60% apples in the filling.

- 3. The fair reserves the right to reject an exhibit not in good taste or not of merit in promoting agriculture or agribusiness.
- 4. Items shown in these displays <u>cannot</u> be judged in individual classes.
- 5. Exhibits will be judged on the following point system:

ATTRACTS ATTENTION 20 points

Use of color, motion, light, figures. While attention-getting is important, the reaction should be favorable. Unfavorable attention defeats its purpose.

AROUSES INTEREST 10 points

Encourages additional study. Personal appeal to the type of viewer for whom the exhibit was designed.

CONVEYS MESSAGE 30 points

The message should be understandable to the viewer for whom the exhibit was intended.

DESIGN 20 points

Elements of the exhibit should be pleasingly placed to give a sense of unity to the whole. The message should be a part of the design and not something apparently added as an afterthought. Simplicity is the key here.

WORKMANSHIP 10 points

Neat, well constructed for the purpose. This does not imply that expensive materials must be used.

ORIGINALITY 10 points
